Commitment to Quality Care

When your health or the health of a loved one is compromised, all of the treatment options can seem a bit overwhelming. Often, many patients and their families choose to receive medical care in the comfort of home. It's a familiar alternative to the hurried pace of a hospital, nursing home, or assisted living community. With Maxim Healthcare Services, you'll receive care that's comforting, safe, and secure.

Maxim offers an uncompromising level of service that doctors and case managers across the nation have come to trust. Our services range from 24-hour complex clinical care to weekly patient visits. Regardless of the situation, Maxim gives you peace of mind.

Commitment to Customized Care

At Maxim, we know that no two patients are the same. That's why our homecare services are tailored on a case-by-case basis. Our clinical managers work with your primary Physician to develop a plan of care that meets individual needs. To start the homecare process, we will come to your home to discuss your case and address your concerns.

Together, we'll work to match your needs to our highly qualified and compassionate team of healthcare professionals. All of our caregivers are licensed, bonded, and insured, and undergo a thorough and extensive interview process. Furthermore, Maxim's team of clinical managers will continually supervise and evaluate your case to ensure complete satisfaction.

Commitment to Excellence

It is important to know that you are working with a proven homecare agency. That's why Maxim is proud to be recognized nationally as a leading provider of quality care. All of our homecare offices are accredited by the Accreditation Commission for Health Care (ACHC). For a list of office locations, please visit our Web site at www.maximhomecare.com.
